Descriptif de l'éditeur

Report Time and Expenses from your Outlook Calendar. No extra application needed. Complete Outlook-based time reporting. Work in your calendar as you normally would, but select one, two or three extra properties from dropdowns to each appointment. Send the appointment information directly into a local MS Access database, created by the application. Analyze of time reports with powerful integrated statistics tool, the OLAP Reporting Tool for Excel, facilitates business intelligence. Free add-on for Windows Mobile. Workgroup version with central configuration and reporting directly to Access or SQL database or via ASP-page is also available. Free 30 day trial download. Video demonstrations + downloadable manual and slideshow available on the website. Three months of support and free upgrades included in purchase price.
