Descriptif de l'éditeur

Understandable on a hunch, ReaConverter makes image conversion and oft-recurring picture editing simple for you.

Every year thousands of users around the world save thousands of hours using ReaConverter.

As well as providing every conceivable format you may encounter, ReaConverter provides a command line utility, allowing you to process images in console mode.

And of course, we've added all the most useful features, such as image editing and the most efficient batch process in any software of this type!
