Descriptif de l'éditeur

TankGap - Tank Battle - The enemy has made a breach through the front line and your mission is to stop him at all costs until you get help. You can move your tank left or right by pressing A or S key on the keyboard or by pressing left or right arrow key. You define a target by moving your mouse pointer and fire by pressing a mouse button. You can play this game against your computer or against a real opponent in the LAN or over the Internet.
