Descriptif de l'éditeur

Octyx 2012 is the best and most secure solution to manage all your collections and organize your personal data. Check out what is new in version 2012, or click on the icons above to learn more on Octyx.

Our software is downloaded by more than 100.000 happy users across the world. Octyx has been developed to enable you to store data locally on your own computer. No viruses, no spam, no problems. It is software made to make your life easier. It is your personal software, with all advantages and no worries. Octyx runs on Windows 7, Windows Vista and Windows XP.

Octyx comes with 100 predefined reports, which can be printed, exported to PDF, Excel or exported to your personal website. All reports can be filtered to match your personal needs! Octyx can also import and export data via XML. Interfacing with Outlook is very easy. All data is stored in the most secure way (encrypted and password enabled) on your own PC. Nobody else than yourselves can touch your data.

Special functions included are the automatic Image Viewer, Weather Reports and the incorporated Google Maps & © functions. Octyx is available in 10 languages, in English, French, German, Dutch, Hungarian, Polish, Czech, Italian, Spanish and Portuguese. Real-time change of the language is included in the package.

Learn more on Octyx ! You can try the software for 30 days free usage. Download it and check out if it fit to your needs. If you are satisfied, come back to this site and buy Octyx for only 24.95 Euro (excl VAT). This allows you to use Octyx until version 2014! Why spend more ?

Check out the website and discover why so many people around the world use Octyx.
