Descriptif de l'éditeur

DivX 6 Create Bundle is the perfect choice for video enthusiasts looking to produce high-quality movies or compress bulky videos without sacrificing quality. DivX Create Bundle includes DivX Pro, DivX Player and DivX Converter, allowing you to create and play back high-quality DivX media files with advanced features including interactive menus, scene selection, chapters subtitles, multiple audio tracks and video tags.

DivX 6 Create Bundle has all the power of DivX Pro under the hood, fully utilized in a simple interface. With powerful, precise tools you can get up to 10 times greater compression than MPEG-2/DVD with exceptional encoding speed and visual quality. Offering the best combination of quality, performance and compression of any video codec on the market, DivX Pro is the digital video codec of choice for professional filmmakers and discerning amateur enthusiasts alike.

The DivX Player is capable of playing every DivX file ever created, with integrated support for advanced features of the DivX Media Format and special enhancements for HD playback, providing the ideal way to enjoy all your DivX videos.

The DivX Converter allows you to convert nearly any digital video into a DivX media file in one easy step. Simply drop your source video into DivX Converter, set the profile to High Definition, Home Theater, Portable or Handheld, and your video will automatically be converted using the optimal settings. The DivX Converter includes an optional MPEG-2/DVD plug-in for an additional fee.

Play back DivX media files on millions of DivX Certified devices including DVD players, HD DVD players and portable media players; or, play back on your PC using popular media playback software.

DivX Create Bundle comes with a free 15-day trial of DivX Converter and a free 6-month trial of DivX Pro. You must buy the full DivX Create Bundle if you wish to continue using DivX Pro or the DivX Converter after your trial periods expire.
